

## Rate Changes to Maryland Commercial & Industrial Customer Bills

### New rates to take effect June 1, 2007

Effective June 1, 2007, Delmarva Power's Standard Offer Service (SOS) supply rates have changed based on a schedule approved by the Maryland Public Service Commission (MDPSC). Delmarva Power used a competitive bidding process under the regulatory oversight of the MDPSC to purchase power on behalf of its Maryland customers and the SOS supply prices have been reset based on the lowest bids. Most small business customers will see a 4% decrease in their monthly bill while rates for larger businesses will remain relatively flat. Total bill impact will vary by rate class and usage.
