

# PROVIDING SAFE AND RELIABLE GAS SERVICE FOR OUR DELAWARE CUSTOMERS

Delmarva Power asked the Delaware Public Service Commission (the Commission) for an increase in gas delivery rates to recover the costs of ongoing investments as we continue to accelerate our work to modernize the natural gas system in northern Delaware. Ongoing investments in our natural gas system help maintain safe and reliable service for our customers.

We are pleased to pass along federal tax reduction savings to our customers through this ongoing natural gas rate case, which will help offset the impact of the rate changes that went into effect on March 17, 2018.

## How does this rate change affect me?

- A portion of this rate increase went into effect on an interim basis on November 1, 2017.
- Effective March 17, 2018, an additional portion of the rate increase went into effect resulting in an overall monthly bill increase of between approximately 0.5 percent and 22 percent.
- The rate increase is subject to refund to customers with interest, if the Commission's final approval of the gas delivery rates is less than the rates implemented. The Commission is conducting a careful review of this proposal and we will notify you by mail of any changes.

Please review the chart below and on the back for new rates. Effects of these changes will vary with your usage.

Rate Class	Previous Rates	Rates Effective 3/17/18
<b>General Gas Service (GG)</b>		
Customer Charge	\$53.47/month	\$54.26/month
First 750 CCF	\$0.35750/CCF	\$0.36283/CCF
