

APPROVED SETTLEMENT LOWERS GAS DELIVERY RATES FOR DELAWARE CUSTOMERS

The Delaware Public Service Commission has approved a settlement in Delmarva Power's gas delivery rate review that passes along federal tax savings to customers and funds efforts to enhance the local gas delivery system and maintain safe and reliable service. Delmarva Power initially filed its rate review in August 2017 and implemented interim increases in November 2017 and in March 2018.

How will this rate change affect me?

- Effective December 1, 2018, a typical residential customer, using an average of 83 CCF in a winter month, will see a total monthly bill decrease of \$4.36 or 4.6 percent during the heating season.
- As part of the rate decrease, customers will receive two ongoing federal tax savings credits, which reflect tax savings that customers will continue to receive for the next five and six years. These "EDIT" credits will appear in the delivery section of your bill.
- In addition to the rate decrease, customers will receive the following credits and refund over the next several months:
 - A one-time credit reflecting additional tax savings.
 - A one-time credit reflecting savings achieved by Delmarva Power, following the Exelon merger.
 - A one-time refund reflecting the difference between interim rates and the approved final rates.
- Customers will be notified by bill message when the one-time credits are applied.

What can I do to help manage my energy costs?

- Sign up for Budget Billing to avoid seasonal peaks by dividing your payments evenly over the entire year.
- Save money and energy with tools on My Account. Sign up today at delmarva.com.
- Visit delmarva.com/waystosave for tips and programs that can help you save energy and money.

Please review the chart on reverse for new rates. Effects of these changes will vary with your usage.

An Exelon Company
