

# NEW ELECTRIC RATES TAKE EFFECT FOR DELAWARE CUSTOMERS

Rates for Standard Offer Service (SOS) changed effective June 1, 2018 for our Delaware electric customers. If you have not chosen an alternative electricity supplier, you are an SOS customer and Delmarva Power buys electricity for you. The average residential customer will see their overall electric bill decrease 4.16 percent or \$4.93 per month as a result of the rate adjustment. The SOS rate can be found in the Supply Charges section of your bill.

See the chart on the reverse panel for the new SOS rates including a comparison of summer and winter rates. Please note that summer rates take effect with the billing month of June. Delmarva Power, as with many other utilities, charges different rates for electricity use in the summer (June-Sept) than it does in the winter (Oct-May).

For more information on the Renewable Compliance Charge which varies monthly, please visit [delmarva.com/renewablecompliancecharge](http://delmarva.com/renewablecompliancecharge).

The information contained in this bill insert has been prepared as a general guideline for our customers. The company's tariff, as filed and approved by the Public Service Commission, is the official document regarding all rates, rules and regulations affecting service. For further information and details, copies of the tariff are available by contacting Delmarva Power Customer Care at 1-800-375-7117 or by visiting [delmarva.com](http://delmarva.com).
