

NATURAL GAS SUPPLY RATES DECREASE FOR DELMARVA POWER DELAWARE CUSTOMERS

The Delaware Public Service Commission approved several changes in gas rates for Delmarva Power Delaware residential customers. These changes will take effect on November 1, 2018.

How will this rate change affect me?

- Based on this year's Gas Cost Rate (GCR), a typical residential gas customer using 83 CCF will see a decrease of approximately \$5.65 or 5.8 percent on their monthly bill during the heating season.
- The GCR is adjusted annually based on the forecasted wholesale cost of natural gas for the coming year.
- In addition, the Environmental Surcharge Rider is decreasing about \$0.04 on a typical residential customer's monthly bill during the heating season.

What can I do to help manage my energy costs?

- Sign up for Budget Billing to avoid seasonal peaks by dividing your payments evenly over the entire year.
- Save money and energy with tools on My Account. Sign up today at delmarva.com.
- Visit delmarva.com/waystosave for tips and programs that can help you save energy and money.

Please review the chart on reverse for new rates. Effects of these changes will vary with your usage.

An Exelon Company
