

# Important Rate Information for Commercial & Industrial Customers

Delmarva Power asked the Delaware Public Service Commission (Commission) for an increase in electric delivery rates to recover the costs of reliability and smart-infrastructure investments that have helped reduce the frequency and duration of power outages.

A portion of the increase went into effect on an interim basis effective July 16, 2016. An additional portion of the increase will go into effect on an interim basis effective December 17, 2016 and will vary depending on usage.

The rate increase is subject to refund to customers, with interest, if the Commission's final approval of the electric delivery rates is less than the rates implemented. The Commission is conducting a thorough review of this proposal and we will notify you by mail of any changes.

See the chart below and on the reverse for new rates.

RATE SCHEDULE	RATES EFFECTIVE 12/17/16		PREVIOUS RATES	
	Summer (Jun-Sept)	Winter (Oct-May)	Summer (Jun-Sept)	Winter (Oct-May)
