

## New Electric Rates Take Effect for Delaware Customers

Rates for Standard Offer Service (SOS) change effective June 1, 2016 for our Delaware electric customers. A typical residential customer who uses about 1,000 kilowatt hours of electricity per month will see their overall electric bill decrease \$6.80 or about 4.6 percent as a result of the rate adjustment. Charges for SOS pay for the electricity you use and equal about two-thirds of your bill.

See the chart below for the new rates. Listed in the chart below are the new Standard Offer Service rates including a comparison of summer and winter rates. Please note that summer rates take effect with the billing month of June. Delmarva Power, as with many other utilities, charges different rates for electricity use in the summer (June-Sept) than it does in the winter (Oct-May).

For more information on the Renewable Compliance Charge which varies monthly, please visit [delmarva.com/my-home/choices-and-rates/delaware/tariffs](http://delmarva.com/my-home/choices-and-rates/delaware/tariffs). RPS credit rate changed from \$0.005064/kWh to \$0.00/kWh.

The information contained in this bill insert has been prepared as a general guideline for our customers. The company's tariff, as filed and approved by the Public Service Commission, is the official document regarding all rates and rules and regulations affecting service. For further information and details, copies of the tariff are available by contacting Delmarva Power Customer Care at 1-800-375-7117 or by visiting [delmarva.com](http://delmarva.com).
