PROOF OF DAMAGES - DOCUMENTATION REQUIREMENTS

You must provide proof of your alleged damages as well as the cause of the damages with the submission of your Claim Form. Examples include: invoices, bills, receipts, estimates, statements, photos, and any other information which can substantiate your claim. A final decision will not be rendered until such proof has been received.

You are responsible for retaining your own contractors for the **purposes of determining the cause and extent of damages to your property** allegedly damaged due to Delmarva Power's operation. You are also responsible for retaining your own contractors for the **purposes of repairing or replacing your property** allegedly damaged due to Delmarva Power's operation. Delmarva Power does not recommend any contractors. ***There is one notable exception to this policy - Delmarva Power will in most instances handle the property restoration of secondary damages caused by us while we were in course of completing our work (Example – Delmarva Power truck left "ruts" in your lawn).**

Property Restoration: If your claim is for property restoration, provide photographs of the damage. We may request you provide written estimates from two contractors at later date if necessary.

Property Damage: If your claim is for property damage repair (e.g., appliances, electronics, or HVAC), a written estimate or repair bill must be provided. If you choose not to repair, a written estimate is still required. If an item is not repairable, provide a written statement from a certified repairperson stating the cost to repair would exceed the cost to replace, along with a copy of the original purchase receipt, and a written estimate or bill for the replacement cost.

Spoiled Food: If your claim is for spoiled food, medicine, or other perishable merchandise, items should be inventoried, photographed, and then disposed of in accordance with best sanitation practices. In addition, provide itemized prices, a total for all items, as well as any purchase receipts.

Vehicle: If your claim is for the repair of a vehicle, provide photographs of the damage and written estimates from two repair shops. Photographs of the incident scene at the time of occurrence would be helpful as well if available.

Wages: If your claim is for lost wages, provide paystubs from the two pay periods immediately prior to the incident.

Business Income: If your claim is for loss of business income, provide complete tax returns from the past two years.

Photographs should be taken of all damaged property at the time event occurs or when discovered, and before items are discarded. All invoices, bills, receipts, estimates, and statements submitted for consideration must be written on company letterhead. Requests for such proof shall not be construed as an agreement to pay a claim. Delmarva Power reserves the right to inspect or request an independent appraisal of damaged property for the purposes of evaluating the validity of the claim and determining fair and reasonable repair cost or value. Should Delmarva Power choose not to inspect, such decision shall not constitute a waiver of any of Delmarva Power's rights, nor any implied agreement as to the fair and reasonable repair cost or value of damaged property. Depreciation is taken on replacement items and payments are based on actual cash value.
