

# IMPORTANT RATE INFORMATION FOR COMMERCIAL AND INDUSTRIAL GAS CUSTOMERS

Delmarva Power has asked the Delaware Public Service Commission (Commission) for several changes in gas delivery rates. The proposed changes are based on a thorough evaluation of work done over the last two years modernizing and enhancing the natural gas delivery system to maintain safe and reliable service for customers and meet the growing demand for natural gas.

## How will this rate change affect me?

- On August 14, 2022, a rate increase will go into effect and will vary based on your service classification and your individual gas usage.
- As part of this rate increase, the Distribution System Improvement Charge (DSIC) was adjusted down to 0.51% from 7.5% for gas customers. The DSIC provides a more predictable and efficient way to pay for the investments needed to maintain safe and reliable service. It is reviewed and approved by the DE Public Service Commission and adjusted periodically to pay for completed infrastructure projects.
- Delmarva Power is permitted to implement the proposed rates while the Commission is reviewing the proposal. Customers could receive a refund if the final gas delivery rates approved by the Commission are less than the proposed rates implemented in August 2022. We will notify you by mail of any changes.

Please review the chart for new rates. Effects of these changes will vary with your usage.

Rate Class	Previous Rates	Rates Effective August 14, 2022
<b>General Gas Service (GG)</b>		
Customer Charge	\$55.59/month	\$55.59/month
Delivery Charge
