

# Your Exelon Rate Credit is Here.

## Your residential customer rate credit was made possible by our merger with Exelon Corporation.

- The merger was completed on March 23, 2016, making us a member of the Exelon family of companies
- \$40 million in residential rate credits will be distributed among our Delaware customers as part of the Customer Investment Fund provided by Exelon

## About Your Exelon Rate Credit

This one-time rate credit is applicable to all of our Delmarva Power residential customers in Delaware. This credit is not available as a rebate or check. If your residential customer rate credit is larger than your total amount due, any remaining credit will be applied toward your following bills until the credit is used up.

## Your Credit\*

- Electric customer: **\$122.64**
- Gas customer: **\$49.95**

\*If you are an electric and gas customer, you will receive both credits listed above.

Your Exelon Rate Credit appears in the "Electric Summary" or "Gas Summary" section of your bill, found on page 2 or page 3.

<b>Electric Summary</b>	
<b>Balance from your last bill</b>	<b>\$126.15</b>

## Additional Merger Benefits

Our merger with Exelon Corporation will deliver direct benefits to our customers in Delaware. In addition to funding your residential customer rate credit, a Customer Investment Fund will be used for energy efficiency programs and low-income assistance. The merger also sets even higher standards for the reliability of electric service for our customers. Plus, over the next 10 years, millions of dollars in charitable contributions will continue to go to local nonprofits that serve our customers.
