

A PHI Company

# Traditional Lighting

## Mongoose

The Mongoose provides optimal lighting control in a sleek, compact design. It is ideal for applications where poles cannot be in the roadway "Clear Zone" or if pole setback from the roadway is greater than 12 feet.

---

**Applications** Streets, highways, parking lots, open areas, commercial driveways, industrial sites

---

**Lamp Source** High pressure sodium (HPS)

---

**Wattages** HPS: 150, 250, 400

---

**Pole Styles** Round wood, mounting height 30 or 35 feet (embedded); fiberglass, mounting height 25 or 30 feet (embedded)

---

**Lighting Distribution** Tilt angles from 3 to 20 degrees, depending on pole setback and roadway width
